Officer name:

Title: First name: Surname:

Reference:

Date (DD/MM/YYYY): (Must be pre-application submission)

Details of the pre-application advice received:

The proposed apartment block would sit well within the curtilage of the plot and would allow the opportunity for an acceptable level of shared external amenity space and landscaping (this might of course be subject of a condition requiring details to be agreed pursuant to any planning permission).

The proposed scale and massing appears to relate well to the neighbouring pair of semi-detached dwellings and the new frontage building. However, I do have concerns over the potential overbearing impact it may have the approved dwelling to the rear of Meadowlea. The projecting gable end in particular may be overbearing to the amenity of the future occupier of this dwelling. Is there scope to lower the ridge height and eaves?

Overall I would consider the proposed design to be appropriate in this location in principle, although the impact on amenities of the neighbouring residential property would have to be carefully considered at application stage.
