Outline planning App/16/00319

Dear Mrs Lealan,

I am most concerned about the above application, and wish to register my objection.

The heavy traffic on the single road on and off the island is such, that it becomes extremely difficult to turn either way into traffic from Victoria Road. Another potential ~~two~~ cars per household will add to the problem.

Evidently no mention has been made of the proximity of the pumping station to the site and the potential flooding with toxic water.

When my late husband and I purchased our house in 1997, we were assured by Havant Town Planning Department that the field was grade 2 arable land and not be built on!

Yours faithfully
