RECEIVED

14 St. Catherine's Court
390 Seafront,
Hayling Island. PO11 0BB
Friday 31st March 2017

Dear Mr. Gargett,

I received the letter from H.B.C.
referring to the proposal to reduce the
Holm Oak (T4) plus reduce the crown by
2m on the Turkey Oak TPO 1388.

That particular tree sits directly in
front of my apartment. When I first moved
in 20 years ago, I regularly asked for it
to be reduced as when in leaf my view
is severely reduced — not that that was
ever taken into consideration. I have
noticed that when the tree is crown reduced
it makes the rest of the tree thicker!!! If
only the lower pieces hanging down from
the lower branches could possibly be
pruned. It would make such a difference,
I would be grateful if this could be taken
into consideration although I am not holding
my breath.

Yours Sincerely
