

Petition to Oppose Planning Application APP 17/00068: Proposed erection of a 1 bedroom chalet bungalow - Gladys Avenue

To David Eaves, Planning Officer, Havant Borough Council Planning Department, regarding Planning Application APP/17/00068

We, the undersigned, are residents of the local community of Lovedean Lane, Cowplain, Hampshire and Gladys Avenue, Cowplain. We object to Planning Application APP/17/00068 - the proposed erection of a chalet bungalow in Gladys Avenue on the former garden of 17 Lovedean Lane, Cowplain. Please consider the following views: This land has had at least four applications for planning refused due to a number of fundamental contraventions of Policy CS16 of Havant Borough Council's Core Strategy 2011 and these contraventions should still apply. It is our view that the proposed building would constitute an overdevelopment of the area and would be to the detriment of the visual amenities and character of the area. In addition, we are concerned that the erection of this dwelling may increase the risk of flooding to the area, particularly gardens and houses on the South side of Lovedean Lane.
