Your ref: APP/1700813

Town & Country Planning Act (as amended)

Site address: 59, Restawyle Ave. Hayling Island, Hampshire, PO11 0PG

Dear Sir/Madam,

This is a letter of objection and opposition to the above application for planning consent. This objection is made on the following:

The application if permitted would allow tandem and in fill development to what is a very space restricted area much too small to comfortably accommodate this proposal.

Loss of amenity. The intended site is home to a stand of beautiful, mature and life enhancing coniferous trees. To an area that already lacks sufficient trees, their loss would constitute an act of vandalism. Conservation and protection of these trees is paramount.

Parking and traffic congestion. The intended development plot stands on the corner of Kings Road and Restawyle Ave. On street parking by local residents occupies one side of the road nearest to the proposed development. Parents delivering/collecting children to/from Mill Rythe school are known to use this part of the road as well as adjacent roads which results in an increase in congestion to the detriment of passing traffic and most residents local to that area. This is quite a problem; we should not add to it.

Yours faithfully,

John Green.
