Address: Old School House, 5 School Lane, Emsworth, PO10 7ED

Proposal: Alteration of loft space to provide living accommodation.

Case Officer: Harriet Pitney

Customer Details

Name: Mrs Sheila Morris

Address: 6 School Lane Emsworth

Comment Details

Commenter Type: Complainant

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I have just reviewed the current plan 7047-02 Revision B dated 17th March submitted with this application and note that outside the red line application unit there is an proposed parking space. requiring bollards be re-positioned . This parking space is right outside my lounge window which does not show on the plans. This means that any vehicle of any size could will be parked immediately in-front of my window.

[REDACTED] and have lived at number 6 School Lane for 34 years and highlight of my life is to look out of the window onto the mill pond watching the world go by, to loose this view devastates me. Any parked vehicles will obstruct my view and take away the light to my lounge .

People like me buy these houses on the Mill pond for the spectacular view and to have vehicles parking right up to my window sill is not acceptable.

The applicants purchased number 5 knowing full well it came without parking. How can the Council agree to designate a piece of Council owned land for one property to the detriment of myself.

This parking space has not been mentioned within the proposal.

another major concern is the safety of pedestrians especially for children who race down down to the pond. There is a blind bend to the east of number 5 on a very narrow road and any vehicle entering or exiting from this parking space will be an accident waiting to happen.

I would like to note that my previous neighbour of 32 years always parked her car at the end of School Lane and there was never a problem.

Accordingly I seriously object to the parking space proposal as outlined but have no objections to the property redevelopment itself.

I am away on holiday until 12th August and therefore request that a postponement of any decision be made on the application untill my concerns have been fully investigated.

I am just so horrified that people within the Council would even consider to agree to this parking

space. Would they like a car or van parked right outside their front window. I would like some questions answered.

As this parking space is outside of the red lined application unit will this be covered under a separate application via a different department if so please forward these objections to the relevant department.
