Comment: I should like to add my support for the planning of the proposed

McCarthy Stone development for a sheltered housing unit in Emsworth.
The plans for this development show it to be a medium sized, unobtrusive, screened, complex which is much needed in the area.
National statistics predicts a rise of about 30% population of over 65s over the next 20 years, and this project would help your council's identified housing needs.

I would be better moving into such accommodation fairly local.
