G. CHOICE OF PROCEDURE

It is important that you read carefully section G of the guidance leaflet before you complete this section.

There are 3 possible procedures:- written representations, hearings and inquiries. You should consider carefully which method suits your circumstances before selecting your preferred option by ticking the box.

1 THE WRITTEN REPRESENTATIONS PROCEDURE

W ☒ *

This is normally the quickest and most straightforward way of making an appeal. The written procedure is suited to the vast majority of appeals.

- * a) Could the Inspector see the relevant parts of the appeal site sufficiently to judge the proposal from public land? Yes ☒ No
- b) Is it essential for the Inspector to enter the site to check measurements or other relevant facts? If so, please explain below or on a separate sheet. Yes ☒ No

ACCESS AVAILABLE THROUGH APPELLANT

2 THE HEARING PROCEDURE

H ☐

This procedure is likely to be suited to more complicated cases which require detailed discussion about the merits of a proposal. Although you may indicate a preference for a hearing, the Inspectorate must also consider that your appeal is suitable for this procedure. If you are proposing that this appeal follows the hearing procedure you must submit a draft statement of common ground. You must give detailed reasons below or on a separate sheet why you think a hearing is necessary.

- ☐ If the hearing procedure is considered suitable we will seek details of your availability when sending the appeal start letter.

- a) Is there any further information relevant to the hearing which you need to tell us about? If yes please explain below.

Yes No

3 THE INQUIRY PROCEDURE

I ☐

This is the most formal of the procedures. Although you may indicate a preference for an inquiry the Inspectorate must also consider that your appeal is suitable for this procedure. You are required to provide information concerning the number of witnesses and the length of time they need to give their evidence. If you are proposing that this appeal follows the inquiry procedure you must submit a draft statement of common ground. You must give detailed reasons below or on a separate sheet why you think an inquiry is necessary.

- A a) How many witnesses do you intend to call?
b) How long do they need to give their evidence?

No. of witnesses

- c) How long do you estimate the inquiry will last?
(Note: We will take this into consideration, but please bear in mind that our estimate will also be informed by others' advice and our own assessment.)

No. of days

G. CHOICE OF PROCEDURE (continued)

- ♦ If the inquiry procedure is considered suitable we will seek details of your availability when sending the appeal start letter.

d) Is there any further information relevant to the inquiry which you need to tell us about? If so, please explain below.

Yes No

H. FULL STATEMENT OF CASE

See section H of the guidance leaflet to help you decide what to include in your full statement of case.

There is no further opportunity to add to your statement of case at a later stage.

Do you intend to submit a planning obligation (a section 106 agreement or a unilateral undertaking) with this appeal?

Yes No ☒

Have you made a costs application with this appeal?

Yes No ☒

It should be noted that the proposed Managers Flat to be formed in the roofspace of the main pub building has been subsequently given Planning Approval as a 'Stand Alone' application: Ref: APP/16/01311 - approved 14 March 2017

Four reasons for refusal of the original application were given and these are appealed against as follows:

REASON 1:

The properties as proposed would give 4 No three storey town houses each of 62.4m². This is not considered unsatisfactory. The National Described Space Standards (March 2015) - not yet adopted by Havant Borough Council, only require a floor area of 70m² for a property of this nature. Havant therefore currently have no parameters to refer floor areas to.

Design features provided to the front elevation - balcony and undercroft parking/entrance are provided to form part of the proposal. The existing area is primarily residential with the majority of properties built circa 1900. However new properties have been added and it is not always necessary or possible to maintain the same street scene. At some point there has to be change and not all developments new to match existing, a blend of new and old can enhance the appearance overall. The balcony was provided to the front because there was no opportunity for amenity

include this as a reason for refusal.
If an approval was to be given any required local payment and Community Infrastructure Levy applied would be accepted and paid by the owner as may be required.

CONCLUSION:

Little communication was made by the Planning Department during the process of the application and no opportunity given to discuss / consider any possible amendments or revisions to the proposed plans or elevations to address any concerns or issues raised.

Ensworth, just like any other town has a severe housing shortage for affordable units and an opportunity is possible to provide 4 No starter homes for local people.

The Council's main priority on the application appeared to be to only have a decision made within the 8 week period and not to consider any other aspects and merits associated with the proposal.

It is therefore requested the matter be further reconsidered and a favourable outcome given to assist the local needs.

H. FULL STATEMENT OF CASE (continued)

Space at the rear, or gardens provided. The design is however flexible and the balcony could be omitted or altered if required. No opportunity was given by the Planning Department to reconsider of designs this further.

REASON 2:

Excessive bulk against No 93 is strongly refuted. The property - 93 North Street is situated almost 10m from the nearest of the new houses - which are located on Sultan Road. The flank wall that would form the rear wall of these houses adjoins the rear garden of No 93 and would not affect daylight or sunlight, but would provide additional weather protection and privacy to the occupants. Windows indicated on the rear (south) elevation to the new houses total one window at first floor level - which is proposed to be fixed and of obscured glass. The windows to the roof slope would not provide any opportunity for persons to view the garden of No 93 due to the height and angle of the roof slope. Therefore there is no loss of privacy, noise or light from the development.

REASON 3:

Ground level undercroft (off road) parking was proposed for one car per property. Due to the central town location of the development - one hundred metres from the railway station, three hundred metres from the town centre, with bus links and the ability to cycle/walk to all local amenities a reduced car park provision is considered acceptable. Occupants should be encouraged to use alternative methods of transport and with the properties earmarked for first time buyers multi car families would not be considered suitable for these units.

REASON 4:

At no time during the application process was any discussion or request made by the Planning Department to agree to or sign any declaration to pay local contributions or Community Infrastructure Levy. It is therefore not considered an acceptable reason to
