I wish to register my objection to Barrett Homes development of the Havant Rd/Selangor Ave site for the following reasons,

- 1 It was a strategic gap between Emsworth and Havant and should remain so
2. The A259 cannot take any more traffic. It can take 10 mins to get out of side roads.
3. Chichester Harbour is almost an open sewer can it take another 360 people?
4. There are endangered species of wildlife on the land. Bats, dormice, slow worms etc and the land is a gateway to the north/south. for wildlife
5. How is building in such a premium expensive area going to help poor folk with no money? It is about Barrett making profit.
- 6 Is it safe for folks living right under the motorway which may one day be widened. Have air pollution levels been considered when looking 20 years ahead. My bungalow is close enough.
- 7 The application for 3 storey houses will impact on adjacent bungalows in Selangor Ave. The proposed number of dwellings is excessive.
- 8 The gas pipeline has not been agreed with British gas. The plan submitted may well change as a result. Will the site be safe?
