10.1.2019,

Planning Services.

Dear Sir/Madam,

I write with reference to the amended planning application for change of use application for Stoke Farm. Northwood Lane, Hayling Island.

I have lived in Northwood Lane for over 10 years now, approximately 150 meters from the Farm. In the time I have lived here I have had no problems whatsoever with the Farm. I am now retired and so spend a lot of time in my garden. We hear the usual sounds of the cows mooing and the occasional tractor passing, plus the sounds you would expect to hear from a small farm but nothing that has ever caused me any concerns.

I believe the young man that runs the farm, is the third generation of his family to own the land, and I know he works long hours to support his young family. I have spoken to his mother, who tells me that without the income from the logging business he may well have to leave.

I appreciate that to run a small farm these days is extremely difficult and I believe that we should give every support to this young man, and I hope you will treat his amended application with every sympathy.

Yours faithfully,
