Dear Sir or Madam

Your Ref: APP/16/01178

Proposed Roof Extension To Side and Two Storey Extension To Rear of 18 Alsford Road, Waterlooville PO7 5NE

My previous two letters written on 8 December 2016 and 5 January 2017 under the above reference still stand with the objections that were submitted.

Proposed Single Storey Extension to the Rear of 18 Alsford Road (Resubmission). Your Reference: APP/17/00362

Have received another letter dated 10 April 2017 regarding the above application. I agree and whole heartedly endorse every objection/comments that Mr. Woodhead has submitted to you. My concerns still stand with regard to flooding in Newlands Road and if you agree with more foundations being dug out and footings covering the soil that water has to go somewhere else causing flooding. I must say Newlands Road suffers enough flooding caused by your department agreeing to all the extensions being built. Drains are another cause for great concern – can the drains in that property accept extra drainage? If these owners wanted a larger property then that is what they should have purchased.

I ask you please to take all my three letters to you in to consideration when discussing this planning application that has been submitted by the owners of the property.

A copy of this letter has been sent to Mr. R. Woodhead and Councillor D. Lloyd.

Yours faithfully
