Dear Sir,

My husband and I totally object to the building of 192 houses proposed by Barratts builders. Emsworth is a beautiful area and does not need any development which would ruin it completely. The A259 is an extremely busy road and always very difficult to get out of Selangor Ave in a vehicle. The schools are full and cannot cope with more children. The doctors cannot cope with any more people. The beautiful gap should be left for wildlife only, never to be built on.

yours truly
mr - mrs B. Donahue
