Dear Mr. Eaves,

I refer to the e-mail received today regarding the proposal for Listed Building Consent for 'the construction of new two storey school building (Block A).....' as detailed in your e-mail.

I would like to raise two points the first being that I was told that the Block A building would be no taller than eight metres. However, it would appear to be higher than eight metres at the front. Could you confirm the height at the front of this building. Secondly I distinctly remember being told that the proposed buildings, now already built, did not need listed building consent.

I look forward to your comments,

Yours sincerely,

Mrs. Thelma Corrigan
