Dear Sirs

Further to your recent notification of planning permission at the above address, for a roof extension and site alterations comprising hip to gable enlargement to side cladding, rear dormer (tile hung); and front dormer with cladding.

I apologise for the delay in submitting this objection but regretfully this has been due to the illness and sad loss of my husband of 62 years.

It has come to my attention that now work has commenced on the above property the addition of the roof extension and inclusion of extra windows, I now find that my property will now be overlooked to the extent that all aspects of my rear garden are visible and have concerns that the addition of the extra windows (which do not give the appearance of dormer windows at this stage) will now leave me exposed into my lounge and bedrooms at the rear of my property, as well as the garden.

As you will appreciate matters other than this planning permission have been at the forefront of my mind but having now observed the speed at which the work is progressing and the invasion into the privacy of my home and garden I think it would only be acceptable if the glass in the windows could be opaque/privacy glass on the facing side of the building in question.

Having resided in my property for over 35 years and not having been overlooked before, I do have concerns and reservations about this intrusion which I feel will impact on the privacy in my lounge, situated at the rear of my property, the rear bedrooms and my garden.

This email is coming via my Son's email address as at 81 years of age, I have no personal access to email or the internet. Again, I appreciate the lateness in my objection being made known but would reiterate that it is for the reason stated above.

I trust you will give this email due consideration and look forward to hearing back from you either via email or by mail to my home address given at the top of this email.

Please note this email was previously sent to enquiries@pins.gsi.gov.uk who have referred me to your Office.

Yours faithfully

Mrs M E Bowers
