

Dear Mr Eaves

I am writing to oppose the building of a dwelling in the rear garden of 3 Queens Road Waterloooville . As the hedge has been removed we are now overlooked by 3 Queens Rd and the building of any other property in the garden will also overlook us.

I live next door to my parents, [REDACTED]

[REDACTED]
I do not see the need to build a house in a back garden when a mile up the road a housing estate is being built to ease the housing shortage, this is greed.
