Dear Sir/Madam,

Re: Town and Country Planning - 125 New Brighton Road, PO10 7QS

I firstly wish to state that I did not receive notification of this proposal despite living in close proximity to the premises. It was only a chance conversation with neighbours today who drew my attention to this, hence my delivering this letter by hand.

I object to the proposal variation of condition 3 of the previous Planning Permission reference 95/59718. The children have a total of 4 hours outdoor play per day. This is often very noisy and the screaming quite intrusive. I have on several occasions over the years had need to speak to staff at the centre regarding the seemingly uncontrolled noise.

If Parent + Toddler events are allowed, these will surely incur additional noise on two Saturdays each year.

As a pensioner, as many of my neighbours are, I enjoy my garden. I tolerate the noise during the daily outside play, but strongly object to additional noise at weekends, which allowing this application would occur.

Yours faithfully,

[redacted]
