COUNCIL

Dear Sirs

Order 201

RECEIVED

Planning Act 1990

Kenwood Business Park

Thank you for notifying me
of the proposed alteration to
use at Kenwood's.

Please explain B2 (General
Industrial). What does it involve? Is
it noisy/dirty/polluting?

13/4/78
You may recall that several years ago the ombudsman handed down a notice restricting the amount of noise Kenwoodi could make. This was agreed to by your Council.

Once or twice I have had to monitor the noise from the air conditioners at this site & pass them on to you.

This summer the noise has been bad again. Even on colder days, which I find surprising.

I look forward to hearing from you. Yours faithfully
