To whom it may concern,

As residents of Sinah House, Ferry Road, with a long family history in the area, we are very pleased to see plans for a house of architectural merit to be built at Ferry Point.

We commend the choice of architect, who knows Hayling well and has previously designed an outstanding building on the island.

The plans appear very well thought out, replacing an uninhabitable bungalow on a neglected plot with a modern and well-designed home.

We feel it will sit comfortably alongside the existing houses and bridge neatly across to the Langstone Harbour Board (LHB) premises and its large boat shed. The western elevation of the house seems to present an architecturally interesting contrast and balance to the neutral and blank elevation of the LHB building.

Overall we feel that this house will make a hugely positive contribution to the area.

Yours faithfully,

Katie Spraggs
