Comment Reasons:

Comment: Dear Mrs. Crawford,

Further to my note I am confused by your Catch 22ish recommendation-

The external materials used shall match, in type, colour and texture to those of the existing building so far as practicable

along with marley eternit cedar weatherboard cladding and white painted render.

The only white painted render is on the addition to the east
There is no other surface material on this building.

The original building is brick yet you are now allowing cladding to be part of the original-
You stretch my imagination too far.

To say that the siting and design of the proposal is considered to be acceptable and is recommended for approval leaves much to be desired about you and your advisors' regard for classic houses on Hayling Island

Perhaps The Hayling Islander will be interested

Yours Faithfully,
Edward Copsey
