Dear Sirs,

Re Land at Sinah Lane Hayling Island Order 2015

We do definitely object to the proposed planning application to build houses on this site,

It would completely alter the character and offers nothing to enhance or landscape the area. The additional traffic from such a large estate would endanger motorists and pedestrians alike.

My right of way over the land appears to be blocked off and no reference is made on the plan, to this matter. Please verify this situation. Also the proposed new builds are very close to my boundary effecting my privacy, loss of peace and quiet and possible exhaust fume problems from the car parking area.

It would be an environmental disaster to this area to loose such a valuable open space and natural Countryside we don,t need more housing on Hayling.

Yours faithfully,

A solid black rectangular box used to redact the signature of Mrs. J. Arnold.
