Re: Application for non-material amendment of Planning Permission APP/16/00568 relating to change to the style of glazing of the larger windows, from a large single top hung window to 2no. opening side lights.

I write further to my email of todays date.

In acknowledging receipt of the above application I informed you that the target date for determination of the application was 09 March 2018.

I am writing to advise you that for the following reason the Council was unable to determine your application by that date and I am writing to request agreement to the period of determination being extended under Article 34 of the Town and Country Planning (Development Management Procedure) (England) Order 2015.

Reason:

The application does not appear to address all the changes shown on the submitted elevations for example:

Removal of some windows

Roof Vents – these should be annotated and their purpose explained

Door design changes

There are also annotations referencing levels and floor heights etc?

These matters need to be clarified as set out in my email of todays date.

To extend the period please return, signed and dated, the slip below or alternatively please confirm by email within the next 5 working days. If you wish to discuss this request further, please contact me.

Yours sincerely

Mr D Eaves
Principal Planner
