Dear Mr Oliver

ref: Proposed food store

Manor Road H1 Application no. APP/17/00656

I would like to support food's application for a store on our Island. Our reasons are as follows:

[REDACTED]
[REDACTED] the cost of food here is considerably more than the larger stores in Havant, which we now use. In addition, the stock is insufficient both in quantity & sizing. A large soap powder & tea bags is a better buy than the tiny sizes currently available. We have a number of people over 80 on the island & the cost of taxis to Havant only adds to our food bill. Not everybody is IT literate nor have family to help, so managing independently is a challenge.

I don't think the 'convenience' shop would lose out because we would support them, as now, with the mid week shopping.

Yours sincerely,

Jo & Brian Haddigan
