Subject: APP/18/00672 land off Westwood Close Emsworth

For the attention of : Mrs D Haywood

I have to make a protest against the above development.

Enough is Enough! Please can we stop adding more and more property , without more infrastructure to Emsworth. You already have sufficient sites for your housing requirements, so please not this one as well , when it is so controversial. We want Emsworth to remain the delightful place it is.

My greatest concern is the risk of flooding. We live on Lumley Road and have been involved with a lot of money being spent in recent years, particularly by The Environment Agency on flood prevention which has been a great success. The use of the site via Westwood Close would turn all that effort and finance on its head.

You have already rejected a planning application in 2013 because of the risk of flooding - you MUST reject it again.

Please let it become a designated green space so the site and surrounding areas would be protected for the future.
