Dear Madam,

Ref APP/17/01000

I wish to object to the proposed development at
No 59 Sandy Point Road.

I live at No 54 Haven Road and my garden backs
onto this plot in Sandy Point Road.

I can see from the plans that he is proposing to have
a large balcony right across the first floor at the rear
of this house. I very strongly object to this element
of the plan, as this would enable the occupants to see into
the whole of my garden, and into the rear of my property.
Since the owner has already cut down all the trees at
the bottom of his garden. I also object to the roof light
sticking up above the roof line.

yours Faithfully
