Purbrook House – East Elevation

Replacement flat roof coverings proposed. Please refer to Heritage Statement and specification.

Damaged/ missing glazing to be replaced

The photograph shows the east elevation of Purbrook House, a three-story building with a flat roof. The main building is made of light-colored brick or stone. It has a central entrance on the ground floor with a portico supported by four columns. The ground floor windows on the left are boarded up. The lower extension has a large bay window and a green door. Arrows point from text boxes to the roof and the boarded-up windows.

Purbrook House – South Elevation

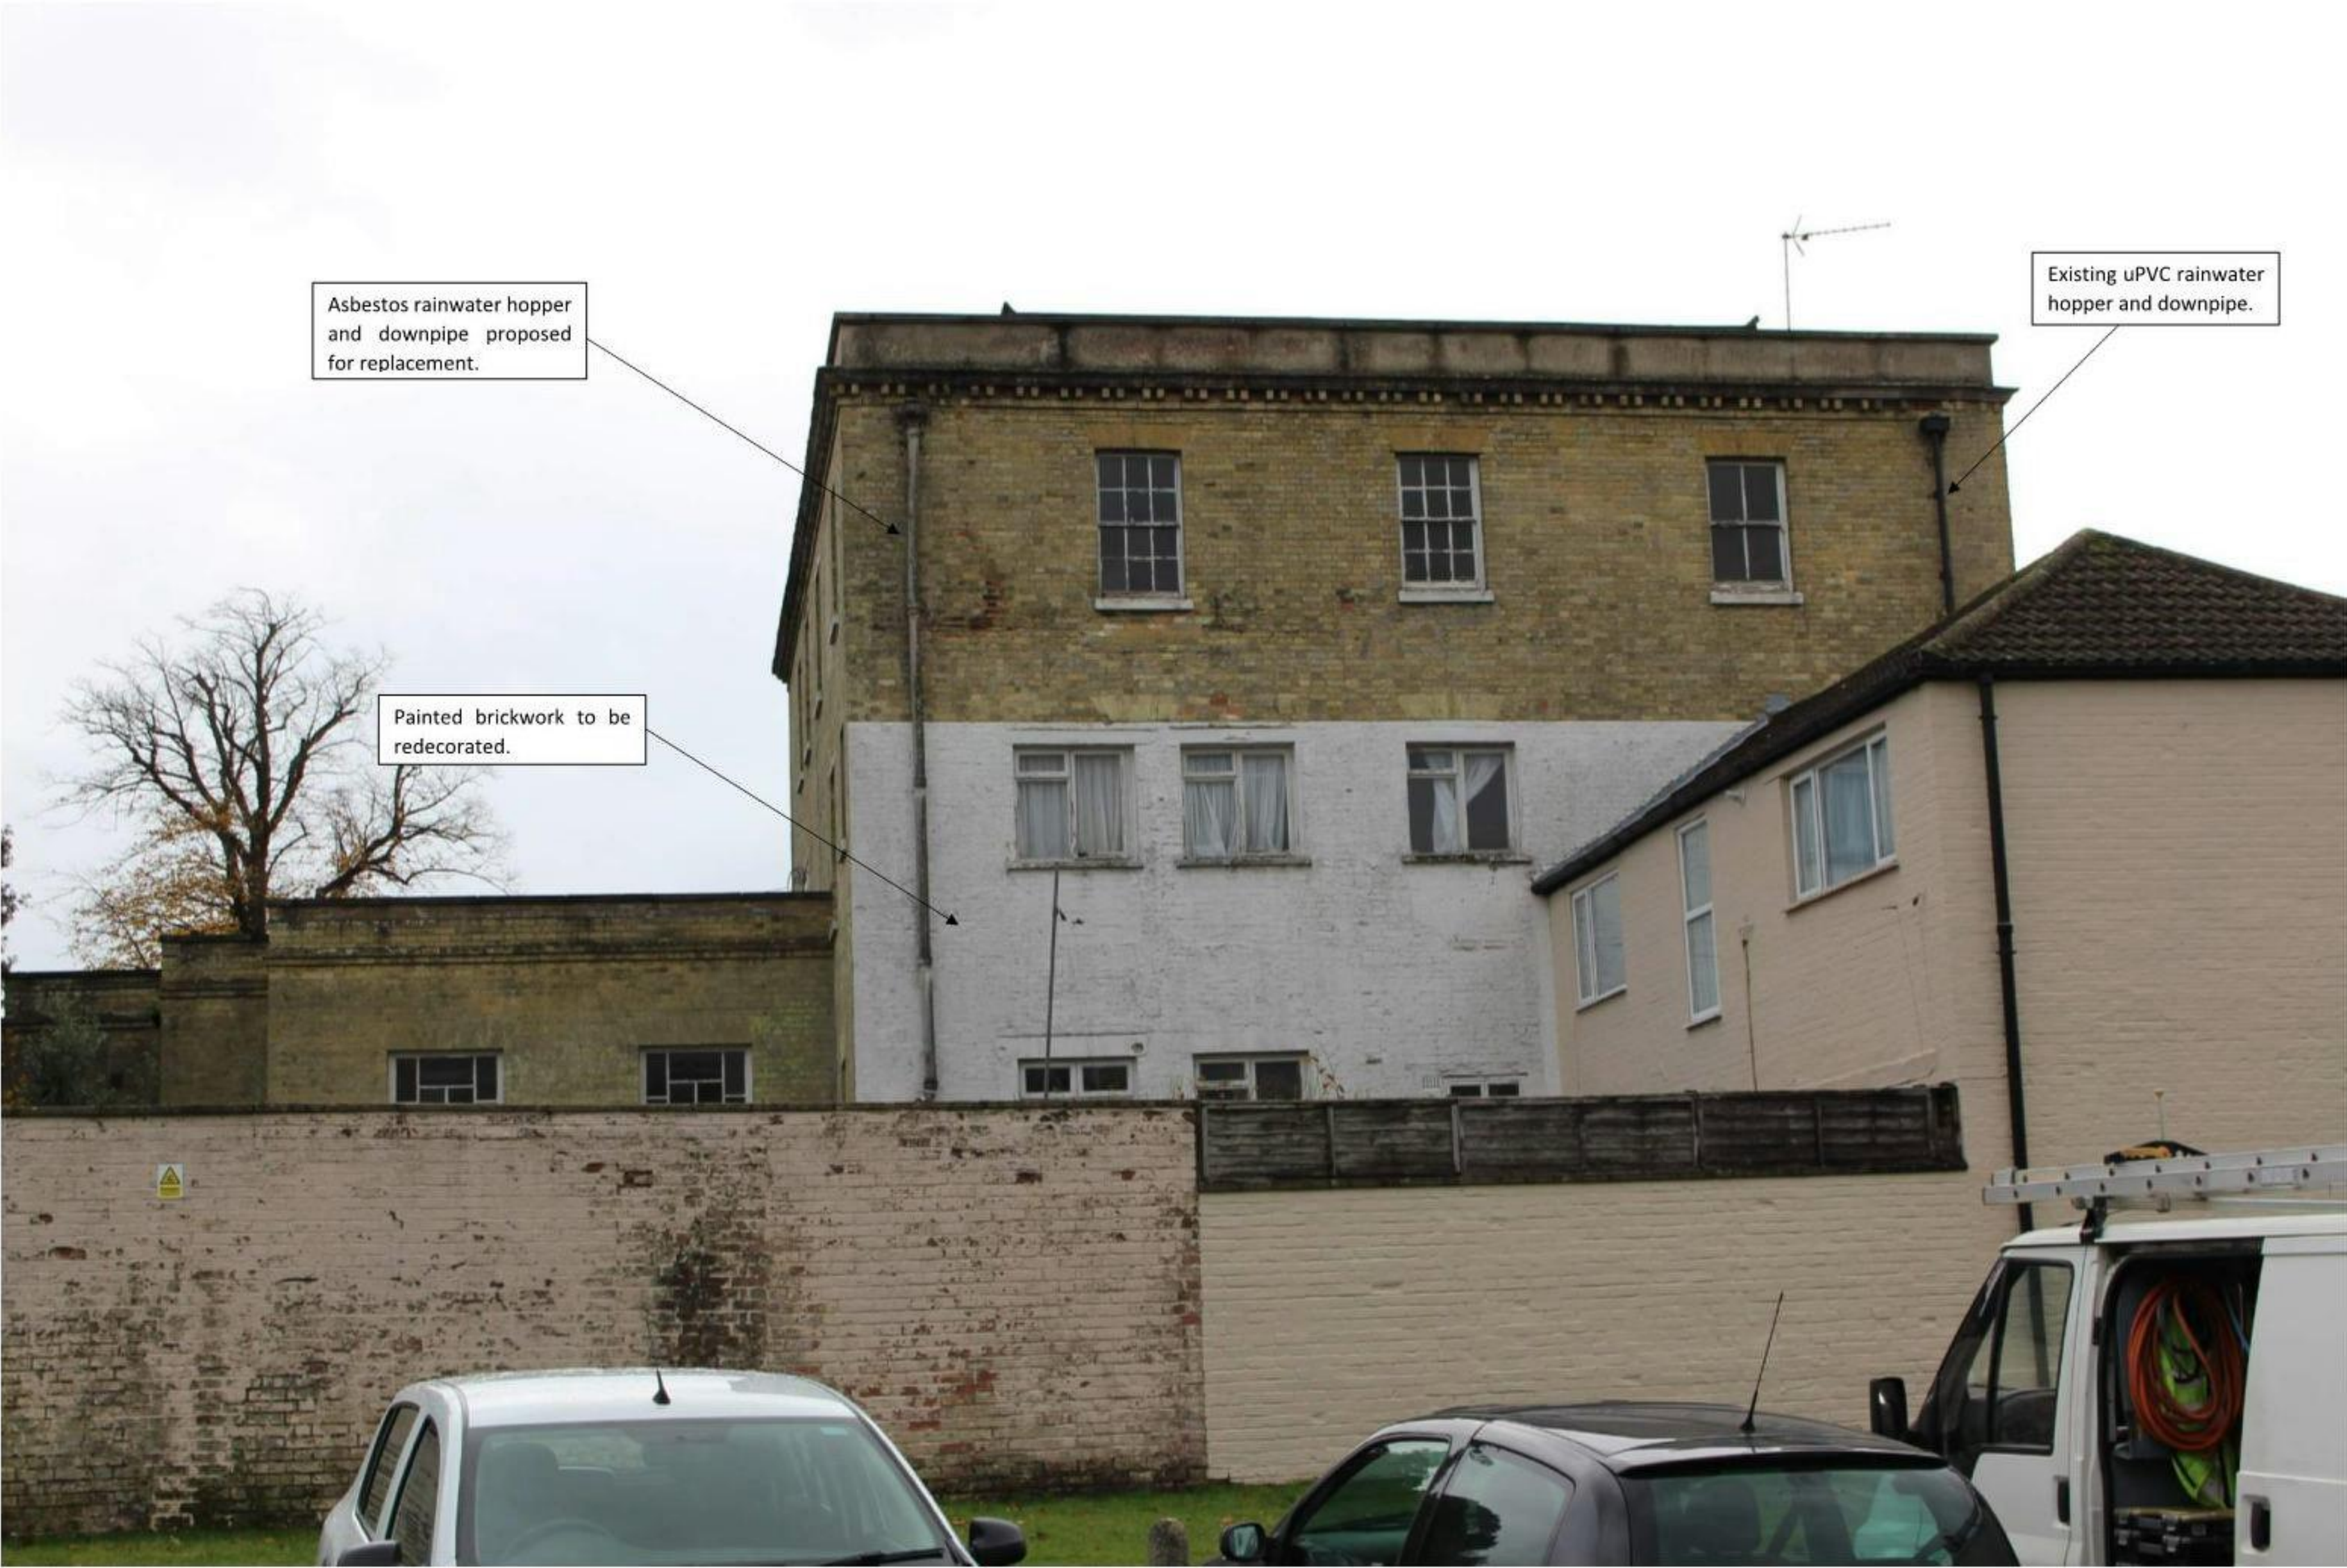

Purbrook House – West Elevation

Asbestos rainwater hopper and downpipe proposed for replacement.

Painted brickwork to be redecorated.

Existing uPVC rainwater hopper and downpipe.

Purbrook House – West Elevation 02 (Single Storey Side Extension)
