Dear Planning Manager,

Ref: APP/16/00185. 26 February, 2016. Mrs. R. McMurray.

Site Address: 30 Springfield Close, HAVANT, Hants, PO9 3NY.

Proposal: Loft conversion, raise roof height with dormer windows to East elevation, removal of existing conservatory, and erection of single storey rear extension.

I refer to my earlier letter of the 02/10/2015 in response to this Planning Application: Copy enclosed: Ref: APP/15/00905. In which I put forward my suggestions and concerns regarding this Planning Application. I see from the renewed and recent Application, that there has been no compromise or considerations to alter the earlier Planning Application; so therefore, my reasons and concerns to this Planning Application going ahead; remain the same thank you.

Appreciatively,

Mrs. Valerie A. Vince.

Enclosure.

Dear Service Manager,
Ref: APP/15/00905.

Site Address: 30 Springfield Close, HAVANT, PO9 3NY.

Proposal: Loft conversion incorporating roof alterations and side dormers; single storey rear extension to replace existing conservatory.

I write in response to the above.

I accept if this proposal goes ahead, I will lose some of my sky light.

A suggestion if I may put forth would be the following: The proposed plans for the East-side elevation be less obtrusively facing towards the West. Thereby retaining my privacy.

In the event of this Plan going ahead; a builder friend has suggested I request the 3 side-dormer windows to face my property be fitted with **obscure** glass.

Were I to sell; any neighbourly construction alterations along these proposed, will add no financial value to my property. Perhaps even lessening it!

Apart from a Seller's Market Value increase on the property in question; may I ask for what purposes the structural alterations?

If and when to take place? The reason/s could have a further bearing on this response.

Appreciatively,

Mrs. V. A. Vince.
