Dear Ms Haywood,

Re Planning App No APP/15/01355, Tamarisk, Ferry Rd, Hayling Island.PO11 0DG

I have recently seen the details of the above application, and was concerned that yet another large property was likely to be built on such a precious part of Hayling Island. The strip of land by the ferry boat pub is a very unique part of Hayling, both in its situation and also the vegetation, which is typical of the marine environment that surrounds it. The skyline of this part of Hayling Island, and in particular the South end of Langstone Harbour would be changed for ever if such a huge development was allowed to go ahead. This large development would dominate the whole area and take away from this area the precious seaside atmosphere that at the moment exists at the western end of Hayling what with the Harbour offices, the ferry boat landing stages, sadly not used at the moment, and of course the Kench.

I am very much hoping that as a result of this letter, you will give careful thought as to the wisdom of allowing this development to go ahead.

Many Thanks for your consideration

Belinda M Smith
