Application 16/00844 – Application for 3 bedroom dwelling on land adjacent to
48, Station Road, Hayling Island PO11 0EQ

Dear Sir,

We live in the block of 12 flats immediately behind the proposed development.

We oppose the building on the grounds that we do not want a high ^{wall}~~fence~~ and
ugly roof overlooking our lovely garden. We wish to keep our trees, one of
which is particularly close to the boundary. Mechanical diggers would more
than likely kill the roots and therefore the trees.

The plot is too small for the development proposed and far too close to the
adjoining properties. The only notification we had was a difficult to read notice
wrapped around a lamppost. It was only through a chance meeting that we
learned that the proposed development was not No. 48 itself. If this had been
made clear we would have objected to the previous applications also.

Yours sincerely,

Mrs Janet Ellen Cox
