Dear Sir

Re: Town and Country Planning Act 1990

48 Alameda Road, Purtoorh, Waterlooville

2 storey rear extension etc.

APP/16/00669

I refer to your letter of 11th July 2016 concerning the above application. I wish to make the strongest representation against the proposal on the following grounds:

1. The scale of the proposed is out of keeping with the surrounding area and neighbouring properties.

P.T.O

2. The new extension is of a size and scale that it will substantially affect the amenity of my bungalow by presenting a massive black brick wall to my rear garden.
3. The extension of such a height and scale will overshadow my property causing loss of light and overshadowing.
4. The applicant's proposal would turn a modest bungalow into a massive two storey house totally out of keeping with the surrounding area.

I regret I was unable to make representations against the previous similar proposal due to my ill health (I am 93).

In my view the current modified proposal is very little different from the ~~an~~ earlier

P.T.D

believe and therefore all the previous considerations
relating to that refusal still substantially
apply.

I look forward to hearing that the Council has
refused the current application.

Yours faithfully

L. H. ROBINSON.
