Dear Sir

**Re: Tamarisk, Ferry Road, Hayling Island PO11 0DG
Planning Application APP/15/01355**

I am writing to you regarding the planning application on the above property as I have an interest in the area. I was interested to have a look at the planning application but to say the least I was completely Gob Smacked when I saw the drawings for the house that is proposed to go there!

I regularly come to Hayling Island and walk around the Kench and Golf Course and surrounding area. It is so lovely natural and unspoilt.

I was amazed at the modern design, size and box/square like style of the proposed house which looks as though it will completely overshadow the other houses that are there which have been built in a sympathetic manner, and will stick out like a sore thumb.

I think it would be a real shame if planning was granted for this house. As I understand it Hayling Island is a very precious area and the proposed house would really detract from the lovely natural feel of this area.

I understand that someone wants to build a larger house on the plot but the existing house is a bungalow and I am therefore surprised that this bulky house would be considered.

Yours faithfully
