MR David Todd
Mrs Lesley Todd

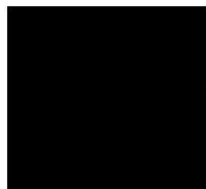

Dear Mr Eaves

Having received the letter about the planning for Wellington Way Waterlooville,
I would like to voice our concerns and objection to the plan.

- 1 The letter states a 9 storey building this will TOWER above the church and surrounding area and will look totally out of character.
- 2 264 x 1 bed/studio rental apartments, my concerns with this are will each apartment have parking? if not then the surrounding roads and residential areas will be used causing inconvenience and congestion.
- 3 Waterlooville town centre seems to have been deliberately run down and has almost become a ghost town, We grew up in this area and remember when it was a busy centre and a nice place to go. Not anymore.
- 4 What is desperately needed to accommodate the old and the hundreds of new properties already built is shops, that the owners can afford to trade from and all the leisure facilities Waterlooville was promised.
- 5 We need places for people to go. Cinema, Bowling, Hotel, these were just 3 of the original ideas that seem to have just disappeared
- 6 All we have is McDonalds and Lidl. Nowhere for the residents to go.

We really don't want more demand on the already very stretched services in the area.

Yours
