Dear Sir or Madam

Construction at 1 Fairlea Road

Dear Sir/Madam,

My husband and I moved into Fairlea Road many years ago, hoping for a long retirement in our bungalow. We appreciated the bungalow environment of the road.

A [REDACTED]

I was not aware of plans to form a second floor to the bungalow opposite and had no opportunity to comment before work started. I am now aware that a retrospective planning application has been made and that the Council has invited comments.

My observations are that I consider it of ugly appearance and obtrusive. Regarding the new top floor windows, I would appreciate if consideration can be given to protecting my privacy

I respectfully inform you of my objection to the planning application.

Yours sincerely

[REDACTED]

A George (Mrs)
