Attention of Mrs E Chisnall
Your reference number APP/18/00407
Eastview,
Manor Road,
Hayling Island,
Hampshire. PO11 0QH

To the planning department.

The reasons for our objection to the planning application are as follows

- 1 The proposed new building is in a style not in keeping with adjoining properties and a four bedroomed house will overlook neighbouring gardens
- 2 The drive will be located along the boundary to our back garden and as the garage to the new property and the new location of the garage to Eastview as both dwellings are four bedroomed houses there could be six or seven cars driving along the boundary to our back garden everyday and would be very noisy
- 3 At the moment there are trees along this boundary which do give us some privacy in the summer but are very bare in the winter but as these trees are the property of Eastview they could be removed at any time in the future and leave us completely overlooked.
- 4 The surface to the extended drive also concerns us as any type of gravel is very noisy
- 5 Is this drive way wide enough for emergency vehicle access?

Yours faithfully
