RECEIVED

28 Maple Court
Hayling Island
PO11 0EF
18/9/17

Dear Mr Oliver

With reference to
APP/17/00656 from Lidl I submit
the following support for the
application.

The proposed site and size of the
new food store is perfect for both
Mergan residents and especially West
Town residents. The immediate road access
is wide and has good visibility in
both directions.

Both Sainsburys and Tesco shops
charge far more than their big off island
stores, and the Coop charge even more. The
Lidl store would not only be good value
in their own right but would force
the other 3 to re-evaluate their prices.
The further key point is that
this would create some very

achieve extra jobs for the island.

Last but not least, Hayling residents have to endure horrendous traffic problems in the summer months. Going into Havant to Tesco, Waitrose or Asda is a real chore and causes so much extra traffic pollution. By allowing this application, that pollution will be substantially reduced.

Yours sincerely
