LEWIS OLIVER, PRINCIPAL PLANNING OFFICER,
HAYANT BOROUGH COUNCIL,

DEAR SIR,

I am writing in support of
a LIDL STORE to be built on the
Island. ①  it

would save me 2 buses to get to
the nearest store in Leigh Park.

② Prices are competitive, which is good
for people young and old who live here.

③ The inconvenience, cars would not have
to go off the Island to shop as much
as they do now, especially young mums
with children they would have a choice

④ There are more and more houses
built and being built on the Island so
it makes sense to have a nice store like
LIDL. We have to move with the Times.

⑤ All the people I have spoken to, cannot wait to get a store like LIDL.

⑥ I will not have to get 2 buses to get to LIDL, I will be able to walk there, as well as a lot of other people. Cars using less petrol for shorter journeys, which benefits people and the atmosphere.

I hope you take note of my support for a LIDL STORE,

 I live for the future, not the past.

Thank you for your time.

Kind Regards,

Bridget Cosgrove.

(BRIDGET COSGROVE).

P.S. IT WOULD CREATE JOBS FOR LOCALS TOO.

IF WE DO NOT GET A LIDL STORE, I WILL BE VERY DISSAPOINTED, AS WELL AS A LOT OF OTHER PEOPLE.
