Dec 7 2015.

Dear sir or madam.

We are writing to you about our Considerable Concern regarding the proposed building of 2 houses on the former Scout Hut at 4 Meyrick Road Havant Ref No:- App/15/01243.
We live on the other side of the Hermitage Stream and these dwellings will have a direct impact on our privacy, the new propertys will have an intrusive view into our garden and living aera's.
We have lived in our home since 2002 and have not been overlooked by anybody.
The builder has been on site ~~over~~ last week and removed trees and bushes and we can now see just how open and exposed this has made the whole back

7. 12. 15.

Of our property.
We would also like to know if the roof of the scout hut and adjacent garage have been tested for asbestos and if there is a method statement for its removal.
So with all of this in mind we strongly object to the 2 propertys being built as planned.
We hope to hear from you soon regarding this matter.

Regards.

Elaine & Terry Milne.
