APP/16/00614

Thank you for your letter of 13/02/2018

Southern Water would have no objections to discharge of condition 4 relating to the foul water disposal. An approval for the connection to the public sewer should be obtained under Section 106 of the Water Industry Act.

The Council's Building control officers/technical staff and the Environment Agency should be consulted regarding the discharge condition 4 for surface water disposal. The proposed soakaways shall be located far away from on site foul drainage to avoid infiltration to public sewerage network.

Southern Water would have no comments to make with regards to other conditions being subject of consultation.

Yours sincerely
