14TH August 2016.

Dear Sir or Madam,

With regards to your letter concerning the proposal to erect 192 dwellings on the land north of Havant Road and west of Selangor Avenue, I wish to make our objections known.

We believe that the majority of the bungalows in Selangor Avenue would become overlooked by the erection of these 2 and 3 story houses and therefore visible from our homes and that the residents of the Barratt homes would easily be able to see into our gardens and homes.

We would also lose our privacy, security and ambience (from the copse and wildlife) if this project does go ahead and feel very strongly that it should not.

We attended your forum on 9th June 2016, as did many residents of Selangor Avenue. We came away with the distinct impression that this was a foregone conclusion to allow the building by Barratts. (quite a few slip of the tongues '*when not if*')

We are obviously against this proposal as it will impact greatly on our lives and of all the other residents, especially as the majority of them are elderly, in respect of the increase of through traffic, parking, noise, schooling, doctors, and one of the biggest reasons is the access to Havant Road, which is already very busy especially during peak times.

We have already written and made our objections known (25th May 2016), and would like these to go on public record.

Yours sincerely

Mrs. Sally Lipsham
Mr. Richard Lipsham
Mr. Roger Clark.
