2a Hallett Road

Havant.

PO9 2PJ

22 - 02 - 2017

To Mrs T Pickup,

Planning application ref. No/1 Site address: 1 Hallett Road Havant PO9 2PJ

I object to this application :-

* Hallett road has become a feeder road for cars from and to the new estate and this application, if passed will further exacerbate the situation.

*As the council did not allow for the number of cars and vans per household in the new estate Hallett Road has seen the shape of things to come as they jockey for space in Hallett Road. You could say that our environment, once a peaceful cul de sac, is under fire from all quarters including this new application as the vehicle count will increase.

*As is usual this application would affect the balance of houses and their dispersal in the road and probably profit will be taken leaving others to get rich quick, as they do the same thing, to the detriment of our environment.+

*After the discreet laudable efforts of No 3 to upgrade their property it could feel like a kick in the teeth by No 1 to take such a course if planning permission were granted.

With No 15 and their proposed development and west of No 1 and the bungalow to Southleigh Rd. and more potential development one could despair of being in this environment.

James Mann
