I object to the above planning application on the grounds of the following. -

1] The person cannot make any structural alterations without permission from the residence [who own 1/5 each] and HBC.
2] It is at the back of the property, which is very vulnerable re the security, no lights in the vicinity, and finally it's a communal area.
3] Patio sliding doors are dangerous, and easy to enter, which means once they are tampered with and opened, they would have access to the main hall and the other flats.

4] It is onto communal ground. The person needs to ask the other residence about his plans.

Sent one email but it was undelivered, so must have been given the wrong email address. Hence using this.page to get my objection in on time.
