

Planning Statement

7th June 2017

To whom it may concern

This is to confirm that while submitting this application for Advertising permission, I am simultaneously submitting a Listed Building Planning Application for the three signs (signs 1, 2 & 3) which will require such consent (as they will be fixed to the wall).

I believe that the other signs in this application (signs 4,5 and 6) do not require Listed Building consent, as they will not be permanently fixed.
