Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: as the joint owner of the said piece of land i feel i have to put our side across, the application is for 3 caravans not 12 . its been said we have ignored previous council enforcement's which is not true on the 17th of October 2017 we were in the high court in London to try to solve this matter, we have consistently asked Havant borough council to give us a title for our land and it wasn't until the day of the enforcement hearing they pulled "land detached from dwelling " out of the hat and two weeks later advised us it still had no title . we do not live there and NEVER have done , we don't intended to live there in the future , we bought it originally as a safe play

Enviroment for our son [REDACTED] and now our grandchildren enjoy our land. Also in the 13 years we have owned the land it has never flooded.

i'm sorry if we upset residents but we have always tried to be as considerate as possible . if any residents want to approach me please feel free to email me niclola1205@hotmail.com and i will be more than willing to put the truth to you .
