Dear Mrs Celik

Use of existing summerhouse as annexe for residential accommodation.

In order to make a more informed comments as to whether the cabin is deemed it to be fully suitable as it stands or not the Environmental Health officer has asked for clarification on the following points:-

For how long has the 'summer house' been used as an accommodation unit?

what heating arrangements does it have?

Is it fully insulated?

Are there smoke alarms?

Are there 4 separate rooms or is it all open plan?

Electricity or gas or both?

Arrangements for connected to sewer?

Could you please provide the requested information to enable consideration of the planning application by the 8 September 2017.

Best Regards

Daphney Haywood
