Planning Application Ref: APP/16/00170

Dear Sir/Madam

I have viewed the above planning application for a single storey front and side extension to no. 23 Southleigh Road, and would like clarification on the following points:

1. Will the planned works involve removal of any asbestos, for example in the existing garage roof ? If so, how will this be managed ?
2. Is the proposed gym for private or commercial use ? If for commercial use, could there be noise issues, given that the walls of the proposed gym appear to be less thick than those of the main house and proposed extension ?

Yours sincerely
