Dear Sir or Madam
land adjacent to Victoria Rd for proposed
development.

Having viewed your proposal for
development, as above. I have several

Main objections as follows: -

(1) Havant Road traffic has almost
reached saturation point. There
is also a bottleneck at Langstone
Roundabout which is always
cited on the radio.

(2) The question of the sewage pumping
station, which is quite often
overloaded.

At present the field at the side of Victoria
Rd is used as grazing land with
not deficient land.

Yours faithfully
