Further to my representation below.

The planned extension, if allowed, will reduce the value of my property.

I will endure months of construction noise and brick-dust will cover my property.

pneumonia, was warned to avoid polluted environments. [REDACTED]

[REDACTED]

[REDACTED] Stress caused by this application is further damaging my health.

FAO: Development Services
Manager

With reference to Andrew Biltcliffe's letter, dated 9.12.15, received today.

I am the owner/occupier of 9 Nursery Close, PO10 7SP.

Online plans for the above proposed extension appear to show that it will extend to my rear boundary fence/small wall. My garden is very narrow and the extension will be only a few feet from my bungalow (and bedroom). The applicants

have already extended into
their roof-space, with rear-
windows, thereby causing
my property to be
overlooked.

I object to the plans.

J Eyres (Mrs)
