I have been asked to write a letter by the owners of the land next to Mandai in St Peters Road Northney. I have been familiar with this land for at least twenty years, perhaps more, as I walk my dogs past all the time. I know that there has always been a Caravan there and have spoken to the previous owners many times on my way past. They used it for leisure and all sorts of things as far as I could tell. I hope this letter is useful to you.

yours Sincerely
