Re Planning App. at.

RECEIVED

23a Mengham Avenue,
Hayling Island. PO11 9JB.

We have seen the proposed plans for the extension at the above address, and my husband and I are not very happy with these.

We feel we would lose a lot of natural daylight from our kitchen window, which faces south, we would have the side of this extension to look at, from our kitchen window.

We do not want to cause any ill feeling between us, and our neighbours, as they are a nice family.

We have lived in our present house for thirty years, and love the area, our children were young (1, 4 + 5 yrs) when we moved here.

Hope our comments will be considered.
