Importance: Normal

For Mr D Eaves.

With reference to the above application – I am now having to keep my 2 back bedroom curtains drawn and blinds down in my conservatory, as they are directly overlooked by 3 Queens Road, also I can look directly into their rear bedrooms and lounge – something that we could not do before the trees were removed. I will also be directly overlooked when trying to relax in my garden with my grandchildren.

When we moved here we were prepared for noise from the A3, now we are going to have to contend with cars and noise from the back as well.

I used to enjoy listening to the birds, and watching the squirrels, now no more. I feel my peace and relaxation is being taken away.

The noise and disruption while the trees were being removed was bad enough, now we have to put up with more while building work is carried out. I feel this is too much.

Mrs I. I. Smith. 207, London Road, Waterlooville.
