Havant PO9 2AX

Dear Sir or Madam

Your Ref: APP/16/01178

**Proposed Roof Extension To Side and Two Storey Extension To Rear of 18 Alsford Road,
Waterlooville PO7 5NE**

I write again with reference to the above application for planning permission which now includes further details. This letter is to advise you that the contents of my previous letter dated 8 December 2016 are still valid and I reiterate all my objections to the proposals still stand.

Concerns must be raised further with 2 additional bathrooms and all the extra volume of drainage this will cause using the old existing drainage system.

I strongly object to the proposed planning permission being granted. If these occupants of number 18 Alsford wanted a larger property then that is what they should have purchased and not presumably one that is too small for them.

Yours faithfully

A solid black rectangular box used to redact the signature of the Planning and Development Manager.

(Mrs) Kathleen Emerson, MPhil, MA, BA(Hons), A.Cert.C.M.
